

# SOFTWARE ENGINEERING.

PAGE NO. :

DATE : / /

- Introduction
- Characteristics / elements of system
- Cost Estimation Process
- Size Estimation (Project)
- Process Models
- COCOMO Model
- LOC, Function Points
- System Design
- System Architecture
- Data Flow Diagram and Data Dictionary
- SDLC
- Software Quality Assurance
- Bath tub curve (H/W, S/W)
- Testing (Introduction)
  - Plans
    - Strategies
    - Principles of Techniques
    - Validation, Verification
    - Types of Testing (BLACK, WHITE, GRAY)
- Requirement Analysis
- Software Requirement
- Software Requirement Specifications
- Modelling Languages
